FAMILY FUN & EDUCATION DAY

Collaborative Effort Between:

PURPOSE OF THE DAY

To bring children and their families who are living with a demyelinating condition together to take part in an afternoon of education and fun. Our focus is based upon the topics chosen by you, our families.

We hope this day brings an opportunity of growth in learning and fun through art. We have an exciting team of speakers who are all experts in their respective fields.

Each family will receive a Health Journal which will help track the medical management and health of the child for years to come.

We look forward to seeing you on July 20th!

"I think a hero is an ordinary individual who finds strength to persevere and endure in spite of overwhelming obstacles."
