

Clinical studies (published/Abstracts-posters) by team members of the National MS Society Pediatric Centers of Excellence 2006-2008

| # | Abstract/Article name | Facility | Author | Where | date |
|---|---|--|---|--------------------|------------------------------------|
| 1 | Evolution of benign multiple sclerosis in the New York state multiple sclerosis consortium according to different classification criteria | Alabama /Stony Brook | Zivadinov R; Weinstock-Guttman B; Tekwe CD; Krupp L | Neurology | 2006 Vol. 66 (suppl 2): A227 |
| 2 | Familial multiple sclerosis in the New York state multiple sclerosis consortium. | Alabama /Stony Brook – NYS Consortium | Tekwe CD, Munschauer F; Weinstock-Guttman B; Goodman A; Miller A; Krupp LB | Neurology | 2006 Vol. 66 (suppl 2): A381 |
| 3 | Safety and tolerability of interferon beta-1b in pediatric multiple sclerosis: A multicenter study | International collaboration including US ped centers | Banwell B; Reder AT; Krupp L et al. | Neurology | 2006 Vol. 66: 472-476 |
| 4 | Consensus definitions of acquired demyelinating disorders of childhood | International Pediatric MS Study Group | Krupp L; Tenenbaum S; Banwell B | Multiple Sclerosis | 2006 Vol. 12 (suppl 1): S23 |
| 5 | Applicability of the Intl Pediatric MS Group's Consensus definitions and subsequent clinical outcomes | Stony Brook/MGH | McLinskey N; Milazzo M; MacAllister W; Madigan D; Chitnis T; Belman A; Krupp L. | Multiple Sclerosis | 2006 Vol. 12 (suppl 1): S7 |
| 6 | Consensus definition for acquired CNS demyelinating disorders childhood | Stony Brook | Krupp, L | AAN ECTRIMS | 2006 2006- August |
| 7 | Neuromyelitis optica in childhood | Stony Brook | McLinskey N; Belman AL; MacAllister WS; Milazzo MC; Krupp LB | Neurology | 2006 Vol. 66 (suppl 2): A307 |
| 8 | Outcomes of children with ADEM followed by recurrent ON | Stony Brook | McLinskey N; Milazzo M; Sibony P; MacAllister W; Madigan D; Belman A; Krupp L. | Multiple Sclerosis | 2006 Vol.12 (suppl 1): S23 |

| | | | | | |
|----|--|--|---|--|--------------------------------------|
| 9 | Racial and ethnic differences in pediatric multiple sclerosis | Stony Brook | MacAllister WS; Milazzo MC; Christodoulou C; Belman AL; Krupp LB | Neurology | 2006 Vol. 66 (suppl 2): A227 |
| 10 | Racial and ethnic differences in pediatric multiple sclerosis | Stony Brook | MacAllister WS; Milazzo MC; Christodoulou C; Belman AL; Krupp LB | Neurology | 2006 Vol. 66 (suppl 2): A227 |
| 11 | Familial autoimmune disorders increase risk for recurrent events in pediatric with acquired demyelination | JNI | Yeh, E Ramanathan M, Weinstock-Guttman, B | ECTRIMS | 2006 August |
| 12 | Community building with children with pediatric multiple sclerosis: Finding ways to work together | Stony Brook | Block P; Milazzo M; MacAllister W; Krupp L; Koch K; Slota N; | American Public Health Association, Annual Meeting | 2006 November |
| 13 | Encephalopathy as associate manifestation...1st event CNS inflammatory demyelination in a pediatric population | JNI | Yeh E; Duffner P; Weinstock-Guttman B | ECTRIMS | 2006 August |
| 14 | Outcomes of children with acute disseminated encephalomyelitis followed by optic neuritis | Stony Brook | Krupp L; MacAllister W; Millazo M; McLinskey N | ECTRIMS | 2006 August |
| 15 | Therapeutic camp intervention for teens with MS | Stony Brook | Krupp L; MacAllister W; Millazo M; McLinskey N | ECTRIMS | 2006 August |
| 16 | Applicability of Intl Pediatric MS group definitions to disseminated encephalomyelitis... | Stony Brook/MGH | McLinskey N; Milazzo M; MacAllister W; Chitnis T; Krupp L | ECTRIMS | 2006 August |
| 17 | Clinical features of children and adolescents with MS | International Pediatric MS Study Group | Ness, JM; Chabas D; Pohl, D; Weinstock-Guttman, B; Sadovnik, AD; Banwell, B | Neurology supplement | 2007 Vol 68, (16 suppl. 2) S37-45 |
| 18 | Consensus definition proposed for pediatric MS and related disorders | International Pediatric MS Study Group | Krupp L; Banwell B; Tenenbaum, S | Neurology supplement | 2007 Vol 68, (16 suppl. 2)S7-12 |

| | | | | | |
|----|--|---|--|--------------------------------|--|
| 19 | MRI features of pediatric MS | International Pediatric MS Study Group | Banwell B; Ness J; Shroff M; Jeffery D; Schwid S | Neurology supplement | 2007 Vol 68, (16 suppl. 2), S46-53 |
| 20 | Treatment of pediatric MS and variants | International Pediatric MS Study Group | Pohl D; Waubant E; Banwell B; Chabbas D; Chitnis T; Weinstock-Guttman B; Tenenbaum S | Neurology supplement | 2007 Vol 68, (16 suppl. 2) S54-65 |
| 21 | Clinical features and viral serologies in pediatric multiple sclerosis: results of a multinational study | International collaboration including NETWORK | Banwell, B; Tellier, R; Krupp, L; Bar-Or, A; Kennedy, J; Tenenbaum, S; Boiko, A; Bykova, O; Belman, A; Ness, J; Resell, M; Hahn, J; Weinstock-Guttman, B; Yeh, EA; Waubant, E; Farrell, K; Freedman, M; Bhang, V; Iivanainen, M; | Lancet Neurology | 2007 Vol 6, no.9 |
| 22 | Acute disseminated encephalomyelitis | International Pediatric MS Study Group | S. Tenenbaum, T. Chitnis, J. Ness, J. Hahn | Neurology supplement | 2007 Vol 68, (16 suppl. 2) S23-26 |
| 23 | Challenges in the classification of pediatric multiple sclerosis and future directions | International Pediatric MS Study Group | A.L. Belman, T. Chitnis, C. Renoux and E. Waubant | Neurology supplement | 2007 Vol 68, (16 suppl. 2) |
| 24 | Psychosocial consequences of pediatric multiple sclerosis | International Pediatric MS Study Group | MacAllister WS; Boyd JR; Holland NJ; Milazzo MC; Krupp LB | Neurology supplement | 2007 Vol 68, (16 suppl. 2): S66-S69 |
| 25 | Longitudinal psychological assessment in pediatric MS | Stony Brook | MacAllister WS, Christodoulou C; Milazzo, M; Krupp LB | Developmental Neuropsychology, | 2007 Vol.32: 625-644 |
| 26 | Familial neuromyelitis optica (NMO) with childhood onset | UCSF | Chabas D; Strober J; Green A; Waubant E | AAN | 2007 |
| 27 | Influence of ethnicity on pediatric MS onset | UCSF | Chabas D; Pesic M; Waubant E | ECTRIMS & AAN | 2007 |
| 28 | The Pediatric MS Center Experience at UCSF | UCSF | Chabas D; Stober J.B.; Erlich K.; Im-Wang S; Crittenden M; Doyle M; Waubant E | AAN | 2007 |

| | | | | | |
|----|--|-------------|---|--|--------------------------------|
| 29 | Community building with children with pediatric multiple sclerosis: perspectives from anthropology, disability studies and occupational therapy | Stony Brook | Block P; Milazzo M; MacAllister W; Rodriguez E; Krupp L; Koch K; Slota N; | Society for Applied Anthropology, Annual Meeting | 2007 March |
| 30 | Increased African-American representation in pediatric MS | Alabama | Ness J; Harris Y; Middleton S; Chhabra S; Sathiakumar N; Cutter G.: Bashir K. | Child Neurology Society, Annual Meeting | 2007 October Canada |
| 31 | Recurrent demyelination in childhood and adolescence does not always represent multiple sclerosis | Alabama | Ness J; Harris Y; Middleton S; Chhabra S; Sathiakumar N; Cutter G; Bashi, K | Child Neurology Society Annual Meeting | 2007 October Canada |
| 32 | Visual function as measured by optical coherence tomography and visual evoked potentials in pediatric patients with acquired demyelinating diseases. | JNI | Yeh EA; Ramanathan M; Weinstock A; Weinstock-Guttman B | Child Neurology Society Annual Meeting | 2007 October Canada |
| 33 | Pediatric MS patients exhibit impaired cognitive processing speed and efficiency | Alabama, | Ackerson, Joseph | ACTRIMS | 2007 June Washington, DC |
| 34 | CRP and ESR elevations are associated with acute exacerbations in younger pediatric patients with recurrent demyelination. | JNI | Yeh EA; Ramanathan M; Weinstock-Guttman B | Society for Pediatric Research, Annual Meeting | 2007 May |
| 35 | Pediatric MS patients seen at UAB center for pediatric onset demyelinating disease | Alabama | Harris Y; Middleton S; Ness B | MS Consortium DC | 2007 May |

| | | | | | |
|----|---|-------------|--|---|--|
| 36 | Interferon inhibitory activity as a biological marker of inflammatory demyelinating diseases in pediatric population | JNI | Weinstock-Guttman B; Yeh EA; Chadha K; Ramanathan M. | ECTRIMS | 2007 October |
| 37 | Neuroprogenitor cell detection in patients with multiple sclerosis | Stony Brook | Savatic M; Haifang L; Yao L; Djuric P; Krupp L | American Neurological Association, Annual Meeting | 2007 October Washington, DC |
| 38 | Learning and Memory in Pediatric Multiple Sclerosis. | UCSF | Julian L, Im-Wang S, Chabas D, Mowry E., Strober J., Waubant E. | MS World Congress | 2007 October |
| 39 | Clinical spectrum of diagnoses in children referred for acquired CNS demyelinating disorders including pediatric multiple sclerosis | NETWORK | Belman A; Krupp L; McLinskey N; Chabas D; Waubant E; Chitnis T; Gorman M; Kuntz N; Rodriguez JM; Ness J; Buffalo - Weinstock-Guttman B; Yeh, A | Child Neurology Society Annual Meeting | 2007 October, Canada |
| 40 | Pediatric MS patients seen at the UAB Center for Pediatric Onset Demyelinating Disease | Alabama | Harris, Y., Middleton, S., Bashir, K., Ness, J. | Consortium of Multiple Sclerosis Centers | 2007 May 30-Jun 2; Washington, DC. |
| 41 | Neuromyelitis Optica Immunoglobulins (NMO IgG) As a Marker of Disease Activity and Response To Therapy in Patients with Neuromyelitis Optica. | Alabama | Weinstock-Guttman B, Miller C, Yeh EA, Stosic M, Umhauer M, Batra N, Munschauer F, Zivadinov R, and Ramanathan M. | Multiple Sclerosis | 2008 (in press) |
| 42 | Pediatric Multiple Sclerosis: Developing Innovative Resources for an Underserved Population | NETWORK | Milazzo M; Middleton S; Karpinski M; Freitag P; Rintell D; Becker C | Conference of the Society for Social Work Leadership in Health Care | 2008 |

| | | | | | |
|----|--|---|--|---|---------------------------------|
| 43 | Pediatric multiple sclerosis | Stony Brook | Krupp LB | Multiple Sclerosis in Children and Adolescents in D Kauffman's Book | 2008 (chapter in press) |
| 44 | Protein expression profiles in pediatric multiple sclerosis: Potential biomarkers | Stony Brook | Rithidech KN, Honikel L, Milazzo M, Madigan D, Troxell R, Krupp L | Multiple Sclerosis | 2008 (in press) |
| 45 | Self-reported fatigue and quality of life in pediatric multiple sclerosis. | Stony Brook | MacAllister WS, Preston T, Troxell R, Christodoulou C, Milazzo MC, Patel Y, Belman A, Krupp L | Multiple Sclerosis | 2008 14(1): S259 |
| 46 | Treatment of neuromyelitis optica with rituximab: Retrospective analysis of 25 patients. | Stony Brook | Jacob A, Weinshenker BG, Violich I, McLinskey N, Krupp L, Fox RJ, Wingerchuk DM, Boggild M, Constantinescu CS, Miller A, DeAngelis T, Matiello M, Cree BA. | Archives of Neurology | 2008 65:E1-E6 |
| 47 | Ethnicity influences pediatric MS onset, | UCSF | Chabas D, Mc Culloch C, Strober J, Ferrieiro D, Waubant E. | Child Neurology Society meeting | 2008 |
| 48 | Vanishing MS T2-bright lesions before puberty: a distinct MRI phenotype? | UCSF | Castillo T, Chabas D, Mowry E, Waubant | Child Neurology Society meeting | 2008 |
| 49 | Racial and Ethnic Findings in Pediatric MS: An Update | Stony Brook | Krupp L, McLinskey N, Troxell R, Patel Y, Milazzo M, Melville P, Madigan D, MacAllister W, Belman A | Neurology | 2008 70 (Supplement 1): A135 |
| 50 | Breakthrough disease in pediatric multiple sclerosis patients: a pediatric network experience. | NETWORK | Yeh EA, Ness J, Weinstock-Guttman B, Belman A, Patel Y, Krupp L | Multiple Sclerosis | 2008 14(1):S55 |
| 51 | Abnormal T Cell Reactivities in Childhood Inflammatory Demyelinating Disease and CNS Injury. | International collaboration including ped centers | Banwell B, Cheung R, Kennedy J, Krupp L, Becker D, Dosch HM, Wadsworth Pediatric MS Study Group, Bar-Or A | Neurology | 2008 70 (Supplement 1) A410 |

| | | | | | |
|----|--|-------------|---|----------------------------|--|
| 52 | Biomarker Discovery in MS: A Proteomic Approach. | Stony Brook | Krupp L, Rithidech K | Neurology | 2008 70 (Supplement 1): A135 |
| 53 | Pediatric MS onset: a distinct phenotype influenced by ethnicity? . | UCSF | Chabas D, Pesic M, McCulloch C, Erlich K, Strober J, Waubant E. | Neurology | 2008 March ; 70 (Suppl 1): A136 3 . |
| 54 | Vanishing MS T2-bright lesions before puberty: a distinct MRI phenotype? | UCSF | Castillo T, Chabas D, Mowry E, Waubant E. | Neurology | 2008 March 11; 70 (Suppl 1): A134 4 |
| 55 | Long lesions on initial spinal cord MRI predict a final diagnosis of acute disseminated encephalomyelitis versus multiple sclerosis in children. | UCSF | Mowry E, Gajofatto A, Blasco MR, Castillo T, Chabas D, Waubant E. | Neurology | 2008 March 11; 70 (Suppl 1): A154 |
| 56 | Pediatric multiple sclerosis | UCSF | Chabas D, Strober J, Waubant E. | Curr Neurol Neurosci Rep.. | 2008 Sep;8(5):434-41 |
| 57 | A phase II study of neuroprotective agent riluzole in early relapsing-remitting MS | UCSF | Waubant E, Julian, L, Okuda D, Green A, Chabas D, Kornyeveva E, Bissonnette D, Mowry E, Peletier D | MS World Congress | 2008 September Montreal CA |
| 58 | Age modifies MS phenotype at onset. | UCSF | Chabas D, Mc Culloch C, Strober J, Ferreiro D, Waubant E | MS World Congress | 2008 September |
| 59 | Encephalopathic presentation of central nervous system aquaporin-4 autoimmunity in childhood | MGH | McKeon A; Kuntz N. L.; Lennon V. A.; Lotze T. E.; Rensel M. R.; Weinshenker B. G.; Pittock S. J. | MS World Congress | 2008 September Montreal CA |
| 60 | Cognitive functioning in pediatric patients with acute Inflammatory disorders of the central nervous system. | Stony Brook | Krupp L, Patel Y, Troxell RM, Preston T, MacAllister WS, Milazzo MC, Christodoulou C, Madigan D, Turner S, Belman A | Multiple Sclerosis | 2008 14(1): S259 |

| | | | | | |
|----|--|-------------|---|--|-----------------------------|
| 61 | A Pilot Study Exploring Quality of Life and Barriers to Physical and Leisure/Recreation Activity in Persons with Moderate to Severe Multiple Sclerosis | Stony Brook | Vanner, E.A., Block, P., Christodoulou, C.C. Horowitz, B.P., & Krupp, L.B. | Disability and Health Journal | 2008 1:58-65 |
| 62 | MRI Findings in Pediatric-Onset Multiple Sclerosis Patients: A Retrospective Study | MGH | Berger A, Healy BC, Egorova S, Duan Y, Khoury SJ, Weiner HL, Chitnis T, Guttman CR | AAN | 2008 Chicago, Ill |
| 63 | Visual Dysfunction in Pediatric Multiple Sclerosis | MGH | Sullivan, K.D., Becker, C.L., Morales, S.F., Chitnis, T. | International Neuropsychological Society | 2008 Waikoloa, Hawaii. |
| 64 | Visual dysfunction in pediatric multiple sclerosis | MGH | Sullivan, K.D; Becker, C.L.; Morales, S.F.; Chitnis, T. | Internat'l Neuropsychological Soc. | 2008 february |
| 65 | Objective and Subjective Cognitive Functioning in Childhood Onset Demyelinating Disorders. | JNI | Parrish, JB, Yeh, EA, Jackson, LA, Benedict, RHB, Weinstock-Guttman, B. | AAN Annual Meeting | 2008 May Chicago, Ill |
| 66 | Premorbid neurological and neurocognitive impairment is predominant in younger children with acquired demyelinating disorders. | JNI | Yeh, EA, Ramanathan, M., Jackson, L., Parrish, J., Agarwal, N., Weinstock-Guttman, B. | AAN Annual Meeting | 2008 May Chicago, Ill |
| 67 | Screening visual motor and perceptual abnormalities in children with demyelinating disorders. | JNI | Yeh, EA, Bennett, S, Shriber, L, Battaglia, M, Jackson, L, Parrish, J, Vaydia, D, Weinstock-Guttman, B. | AAN Annual Meeting | 2008 May Chicago, Ill |
| 68 | Prenatal and Perinatal Factors and Risk of Multiple Sclerosis | MGH | Gardener HE, Kassandra Munger K, Chitnis T, Michels K, Spiegelman D, Ascherio A | Academy of Neurology, 2008. | 2008 May Chicago, Ill |

| | | | | | |
|----|---|--|--|--|---|
| 69 | Pediatric patients with MS have a higher disease burden at disease onset than adult | UCSF | Waubant E, Chabas D, Glenn O., Okuda D, Mowry E, Pelletier D . | AAN Annual Meeting | 2008 May Chicago, Ill |
| 70 | Higher relapse rate in pediatric compared to adult-onset multiple sclerosis | MGH | Gorman MP, Healy BC, Polgar-Turcsanyi M, Chitnis T | MS World Congress | 2008 September, Montreal CA |
| 71 | Health-related Quality of Life is Reduced in Children with Multiple Sclerosis. | UCSF | Mowry E, Julian L, Chabas D, Strober J, Katz P, Waubant E | MS World Congress | 2008 September, Montreal CA |
| 72 | Initial brain MRI presentation in pediatric MS patients from White non-Hispanic and other ethnic backgrounds | UCSF | Chabas D, Glenn O, Strober J., Waubant E | MS World Congress | 2008 September, Montreal CA |
| 73 | Acute Disseminated Encephalomyelitis; in Inflammatory and autoimmune disorders of the nervous system in children. | International cooperation including pediatric center MGH | Tenembaum S, Chitnis T. | (2008) Eds. Russell RC, Vincent A. ,Pediatrics | 2008 chapter in press |
| 74 | Mental health co-morbidity in pediatric multiple sclerosis | Alabama | Rubin, S., Ackerson, J., Bashir, K., Rinker, J., Dowdy, S., Harris, Y., Ghuge, P., Ness, J | World Congress on Treatment and Research in Multiple Sclerosis | 2008 Sept 17-20; Montreal, Canada. |
| 75 | Increased disease severity among African-Americans in a pediatric multiple sclerosis cohort | Alabama | Rinker, J. Harris, Y., Ghuge, P., Dowdy, S., Bashir, K., Ness, J. | World Congress on Treatment and Research in Multiple Sclerosis | 2008 Sept 17-20; Montreal, Canada. |
| 76 | A program to transition pediatric MS patients to adult care and independent lifestyles | Alabama | Harris, Y., Middleton, S., Ness, J., Bashir, K | Consortium of Multiple Sclerosis Centers 22nd Annual Meeting | 2008 May 28-31; Denver, CO. |
| 77 | Serving pediatric clients & their families at the Alabama chapter of the National Multiple Sclerosis Society | Alabama | Middleton, S., Lander, T., Ness, J. | Consortium of Multiple Sclerosis Centers 22nd Annual Meeting | 2008 May 28-31; Denver, CO. |

| | | | | | |
|----|---|--|---|---|--|
| 78 | Aquaporin-4 autoimmunity in children | International cooperation including pediatric center Mayo, Alabama | McKeon A, Lennon VA, Lotze T, Tenenbaum S, Ness JM, Rensel M, Kuntz NL, Fryer JP, Homberger H, Hunter J, Weinshenker BC, Krecke K, Lucchinetti CF, Pittock SJ | Neurol | 2008 71 (2): 93-100, |
| 79 | Aquaporin-4 Autoimmunity includes an encephalopathic presentation phenotypically identical to Acute Disseminated Encephalomyelitis (ADEM) | MGH | Kuntz, N | Child Neurology society | 2008 Santa Rosa California 11/7/08 |
| 80 | Neuroimmunology; in Neurology | MGH | Chitnis T, Khoury SJ. | Chapter on Clinical. Practice. Butterworth -Heinemann | 2008 |
| 81 | Increased Relapse Rate in Pediatric-Onset Compared with Adult-Onset Multiple Sclerosis | MGH | Gorman M P, Healy B, Polgar, M, Chitnis, T | Arch Neurol | 2009 66(1):54-59 |
| 82 | Pediatric MS Collaborative Network: Model of Care of a Rare Disease | NETWORK | Harris Y, Becker C, Freitag P, Rintell D, Milazzo M | NICHQ Meeting | 2008 March 9-12 |
| 83 | Breakthrough Disease in Pediatric MS Patients: A Pediatric Network Experience | NETWORK | Yeh E A, Ness J, Chabas D, Belman A, Weinstock-Guttman B, Waubant E, Krupp L | AAN Annual Meeting | 2009 Seattle, WA |
| 84 | Use of Plasmapheresis in Pediatric Demyelinating Disease | NETWORK | Jayne Ness, Dorothee Chabas, Emmanuelle Waubant, Eluen Yeh, Nancy Kuntz, Sibyl Wray, Bianca Weinstock-Guttman | AAN Annual Meeting | 2009 Seattle, WA |

| | | | | | |
|----|--|------|---|--------------------|---------------------|
| 85 | Neurocognitive Status in Patients with Demyelinating Disease and Healthy Controls Assessed with the Pediatric MS Center of Excellence Consensus Neuropsychological Battery | JNI | Parrish J, Yeh E, Jackson L, Weinstock-Guttman B, Benedict R | AAN Annual Meeting | 2009 Seattle, WA |
| 86 | Serum Vitamin D Levels Are Associated with Multiple Sclerosis Disease Severity | JNI | Mehta B, Drake A, Teter B, Ramanathan M, Batra N, Agarwal N, Zivadinov R, Weinstock-Guttman B | AAN Annual Meeting | 2009 Seattle, WA |
| 87 | Evidence for Axonal Loss and Prominent Color Vision Deficits in Children with Multiple Sclerosis or Clinically Isolated Syndrome | UCSF | Nash K, Teasdale S, Chabas D, Strober J, Waubant E, Green A | AAN Annual Meeting | 2009 Seattle, WA |
| 88 | Visual Motor and Perceptual Abnormalities in Children with Demyelinating Disorders | JNI | Yeh E, Bennett S, Shriber L, Vaidya D, Heim R, Ramanathan M, Weinstock-Guttman B | AAN Annual Meeting | 2009 Seattle, WA |
| 89 | Visual Motor and Perceptual Abnormalities in Children with Demyelinating Disorders | MGH | Putnam M, Braaten E, O'Donnell E, Gorman M, Chitnis T | AAN Annual Meeting | 2009 Seattle, WA |
| 90 | Relationship between Age of Onset and Duration and Neurocognitive Status in Pediatric MS | JNI | Parrish J, Yeh E, Jackson L, Weinstock-Guttman B, Benedict R | AAN Annual Meeting | 2009 Seattle, WA |
| 91 | White Matter Tract Based DTI Analysis in Pediatric Multiple Sclerosis | MGH | Mellekate S. Vishwas, Tanuja Chitnis, Rudolph Pienaar, Brian C. Healy, Ellen P. Grant | AAN Annual Meeting | 2009 Seattle, WA |
| 92 | Regional and Tract Based DTI Analysis of Normal Appearing White Matter in Pediatric Multiple Sclerosis | MGH | Mellekate S. Vishwas, Ellen P. Grant, Rudolph Pienaar, Brian C. Healy, Tanuja Chitnis | AAN Annual Meeting | 2009 Seattle, WA |

| | | | | | |
|----|--|---------|---|--------------------|---------------------|
| 93 | Depression in Pediatric MS Patients Correlates with Increased Disease Severity and Selective Neuropsychological Deficits | UAB | Joseph D. Ackerson, Samuel E. Rubin, Khurram Bashir, Pallavi Ghosh, Sarah M. Dowdy, Yolanda C. Harris, John Rinker, Jayne Ness, | AAN Annual Meeting | 2009 Seattle, WA |
| 94 | Daclizumab Add-On Therapy for Pediatric Multiple Sclerosis Patients Failing Interferon | MGH | Mark P. Gorman, Annika M. Berger, Charles R. G. Guttmann, Tanuja Chitnis, | AAN Annual Meeting | 2009 Seattle, WA |
| 95 | Pediatric MS before puberty: a distinct CSF inflammatory profile | NETWORK | D Chabas, J Ness, A Yeh, N Kuntz, Y De Kouchkovsky, J Strober, M Rodriguez, B Weinstock-Guttman, E Waubant | AAN Annual Meeting | 2009 Seattle, WA |
| 96 | Premorbid neurological and neurocognitive impairment is predominant in younger children with acquired demyelinating disorders. | JNI | Yeh, EA, Ramanathan, M., Jackson, L., Parrish, J., Agarwal, N., Weinstock-Guttman, B | AAN Annual Meeting | 2009 Seattle, WA |
